

Volunteer Positions **FAMILY ZONE**

Four Fabulous Days of Free Music

The Family Zone or Children's Zone is our area at the festival that is appealing to our young festival patrons and has it's own stage that features artists for the youngsters. It operates on Saturday and Sunday only and is located in the gazebo area behind Main Stage. This child-friendly area is a popular spot at the festival with fun activities and family-based entertainment. There are 4 different areas which you may be volunteering in, please read that area for a brief description of your duties.

Gazebo Stage - You will be helping the performers to set-up their equipment in time and assist them with the selling of their CDs. You will be responsible for keeping children *off* the stage for their own safety and help children onto stage *if* invited by performer.

Set-up – You'll be helping the area managers with decorating the gazebo, arranging tables, chairs and putting up signs. You may also be getting hospitality items ready and helping Family Zone vendors/activity providers get set up.

Sound of Music Activity Table - You will be responsible for overseeing the proper operation of the inflatables/bouncers. Instructions will be provided by the Family Zone manager at the time of your shift. The Family Zone will be available at all times if you have any questions or concerns.

Please be advised that you should wear close-toed shoes for all areas for your own safety.
